

Can you keep your head when all around you are decorating theirs?

Branch Manager

Because that's the kind of person we need at Claire's Accessories. Someone who can keep calm when the tiaras and hair clips are flying. Someone who loves to have fun but also thrives on hard work and achieving results. And of course, someone who loves to get involved - whether it's monitoring stock, demonstrating the latest glitter spray, advising customers or sometimes even piercing ears. You'll need to have around a year's experience in retail, together with a natural flair for driving sales and identifying new trends. Most of all you'll need the ability to get the best from others - because the team you build will help to make your store a huge success.
